What is Safety Town?

The Safety Learning Center for Children

Pasco Safety Town is a realistic, child-sized town offering complete hands-on safety education for kindergarten through second grade age children. Public and private schools, as well as children's groups, visit Safety Town via scheduled field trips Monday through Friday throughout the year. The goal of Pasco Safety Town is to reduce accidental injuries and deaths of children through an on-going community-based safety education program.

Pasco Safety Town has educated over 100,000 children on a variety of safety topics including pedestrian safety, water safety, fire safety and awareness, personal safety, and Internet safety. Community volunteers are trained to ensure quality training experience for the children.
